

The Classic & Sports Car Magazine Award

To explain more about this award.....

The Classic & Sports Car magazine each year judge & present 13 annual awards, the ceremony usually being held at the NEC International Classic Car Show. 5 awards being directly related to the show, the others being judged within the 12month period. All of these award categories are entered by nomination only, & they are prestigious.

The 'Car Club of the Year' award is deemed to be the highest accolade. There is only one trophy per winning category, but to be named at the awards ceremony as 'runner up' to the MG club for Car Club of the Year 2005, is a great achievement for the Panther Car Club Ltd & one that independently verifies our status.

"Well done us"

Terry Borton
PCC Chairman
